we've only just begun to live...
before the rising sun we fly

so many roads to choose

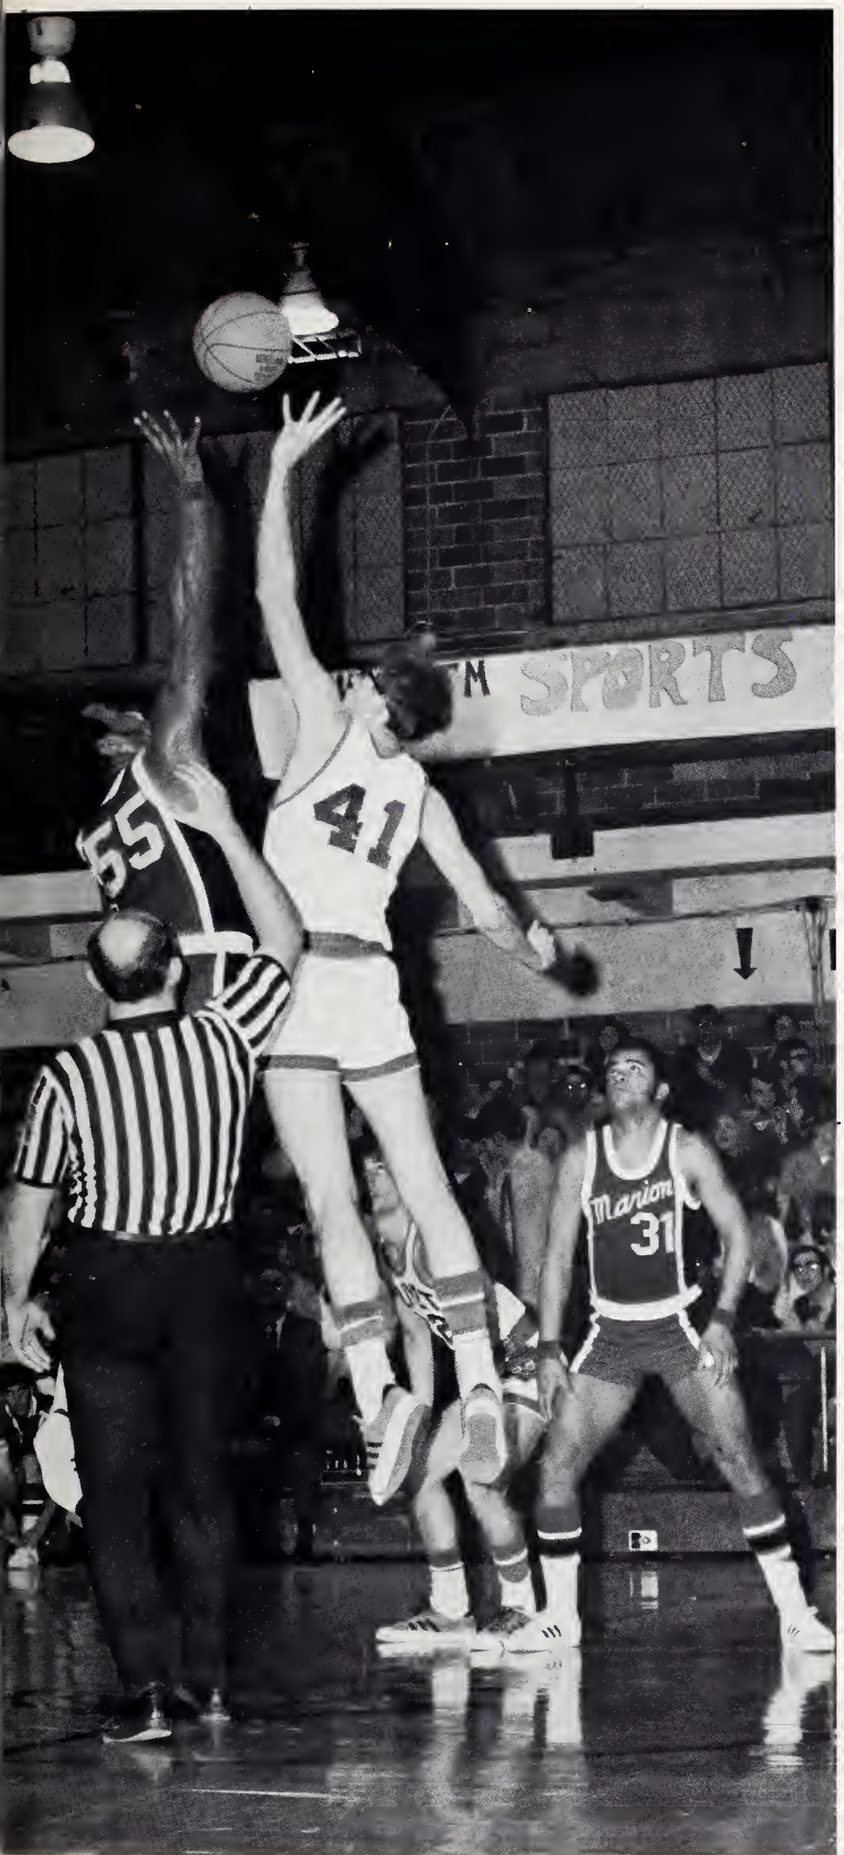

we start out
walking
and learn
to run

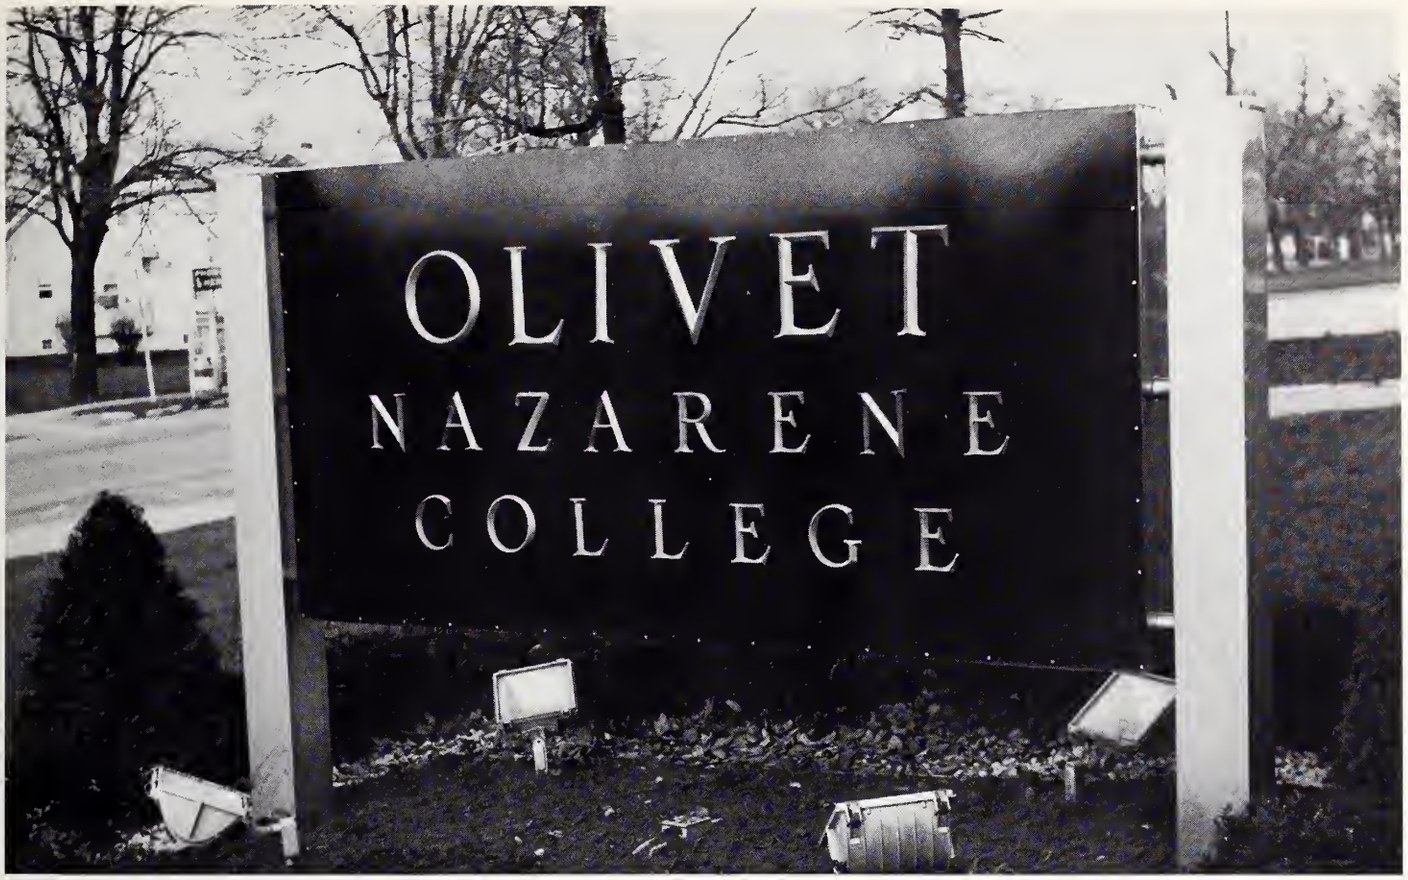

and yes
we've just begun

sharing horizons
that are new to us
watching the signs

leading olivet to new heights

"unless the lord builds, we labor in vain."

at olivet we minister to the whole man; the academic, the social, the recreational, and the spiritual. it is our position that final truth, when pushed back to its original source, is found in god. also, it is in god that we live and move and have our being. he is creator, sustainer, the god of the universe. consequently, our college is oriented toward god and those things which are spiritual. we want to acknowledge god in all our ways. religion is not meant to be placed in a compartment with certain periods set aside exclusively for the spiritual life. rather, there is a desire that religion be placed at the very heart or center of our entire program. this is the ideal and goal for which we strive at olivet. . .and beyond.

A church is people . . . spirited people, enthusiastic people, hopeful people, talented people, dedicated people, devout people . . . it is people singing, people praying, people caring, people doing, people sharing . . . it is old people, young people, big people, little people, single people, married people . . . it can be a few people or it can be many people . . . but most of all they must be *Christ's people.* Pastor Don Irwin and the people at College Church of the Nazarene prayerfully strive to be *His people.*
